

Roadmap to Success

DELTA TRADING GROUP

Track Record

- Build your Track Record on you Simulator.
- You must NET + 5 to + 10 pts week for more than 2 weeks in a row.
- The longer your track record the more psychologically repaired you will be to trade live money.

EX: +20 - 15 = + 5pt.

Live Trading

As a rule of thumb, you can trade 1 Contract for every \$3,000.00 in your account.

Month 1: Start with 1 Contract: \$50 per point.

+ 5pt for the week @ 50 a point = \$250.00

+ 10pt for the week @50 a point = \$500.00

After successfully trading at any level contract for several weeks (keep a track record of +5 points a week), you can move to next trading level if your account can afford it.

Month 2: 2 Contracts: \$100 * 5pts = \$500 / Week

Month 3: 3 Contracts: \$150 * 5pts = \$750.00

Month 4: 4 Contracts: \$200 * 5pts = \$1,000.00

Month 5: 5 Contracts: \$200 * 5pts = \$1,250.00

Month 10: 10 Contracts: \$500 * 5pts = \$2,500.00

FUTURE: 20 Contracts: \$1,000 * 5 = 5,000
